Every year, schools and school districts collect and report safety related information. The AIU and the Pennsylvania Department of Education (PDE) would like to learn more about what information matters most to you. Join us for a community conversation on school safety and share your ideas. Everyone is welcome including:

- Parents or guardians, families, students
- Educators, teachers, school staff, administrators, district leaders, and IU staff
- Law enforcement and school safety staff

Questions?

Contact Aaron Skrbin, AIU Director of Safety & Security, at aaron.skrbin@aiu3.net.

*Supported by the Pennsylvania Department of Education Office for Safe Schools
and the Regional Educational Laboratory Mid-Atlantic.*
