

Hi boys and girls!

I can't wait for the Fourth Grade Halloween Dance tonight! I watched a few YouTube videos and have been practicing my moves all week, so I'm ready! And Trunk-or-Treat next Wednesday is going to be awesome!

We have an important announcement for your parents: The Vision to Learn van will be starting next week. Nurse Barron completed vision screenings and any student who did not pass the screening will be put on the list for Vision to Learn, unless you returned the form to decline. If you did not receive a referral stating your child did not pass the screening, your child will not be put on the list to see Vision to Learn. If your child passed the screening and you still would like your child seen, please notify Nurse Barron in writing by October 24th. If your child already has glasses, you can submit a copy of their prescription and we can ask them to make your child another pair for free. Please contact Nurse Barron with any questions.

Have a nice weekend boys and girls, and I'll see you on Monday.
